

Institut de recherche mathématique de Rennes

IRMAR - UMR 6625 du CNRS

Post-doctoral Position — Recrutement Post-doc 2014-2015

IRMAR (Rennes Mathematics Research Institute) offers a post-doctoral position in Mathematics for the academic year 2014-2015.

Fields: semiclassical analysis, quantization, spectral theory of selfadjoint or non-selfadjoint operators, Hamiltonian systems

Location: IRMAR (Rennes, France)

Duration: 12 months, starting September 2014 or October 2014

This is a research-only appointment (no teaching) in semiclassical analysis, quantization, spectral theory of selfadjoint or non-selfadjoint operators, Hamiltonian systems or related topics. The position is funded by the Agence Nationale de la Recherche (ANR NOSEVOL). French speaking is not necessary.

The net salary will be 2150 euros per month, with benefits including health insurance and social coverage. Funds will also be provided for traveling and inviting collaborators.

The research will take place within one of IRMAR's Analysis teams, and will benefit from the stimulating environment of the Lebesgue Center.

Application: please send us by email:

- a curriculum vitæ,
- a research statement,
- a letter from your PhD advisor.

Recommendation letters should be sent to us directly by email.

Application deadline: March 15, 2014
